

DATASHEET:

## HA-BOUNDARY MARKERS

and FATO PERIMETER MARKERS

### BOUNDARY MARKERS:

Boundary markers shall be provided at an aerodrome where the landing area has no runway. The frangible low-mass construction provides the necessary safety in case of a collision. Boundary markers have a height of 500mm.

### FATO PERIMETER MARKERS

FATO perimeter markers shall be provided at heliports. FATO perimeter markers should be of a single colour, either orange or red, or the two contrasting colours of orange and white or red and white should. FATO perimeter markers have a height of 300mm.
